Driveaway price	? Source audit **Request a current driveaway quote** The previous third-party estimate is withheld pending a manufacturer source or permission to reuse the licensed industry data. Ask for a written quote naming the state, delivery fees, registration, compulsory insurance and stamp duty. Checked 8 Oct 2026 [4]	? Source audit **Request a current driveaway quote** The previous third-party estimate is withheld pending a manufacturer source or permission to reuse the licensed industry data. Ask for a written quote naming the state, delivery fees, registration, compulsory insurance and stamp duty. Checked 8 Oct 2026 [5]	? Source audit **Request a current driveaway quote** The previous third-party estimate is withheld pending a manufacturer source or permission to reuse the licensed industry data. Ask for a written quote naming the state, delivery fees, registration, compulsory insurance and stamp duty. Checked 8 Oct 2026 [103]
Novated lease and FBT	? Source audit **Exact eligibility needs confirmation** The listed price alone does not establish FBT eligibility. The May 2026 announcement described proposed changes from April 2027 and April 2029; this audit has not established that those proposals are law. Confirm the current rules, acquisition conditions and taxable value with the ATO and your adviser. Checked 8 Oct 2026 [6]	? Source audit **Exact eligibility needs confirmation** The listed price alone does not establish FBT eligibility. The May 2026 announcement described proposed changes from April 2027 and April 2029; this audit has not established that those proposals are law. Confirm the current rules, acquisition conditions and taxable value with the ATO and your adviser. Checked 8 Oct 2026 [6]	? Source audit **Exact eligibility needs confirmation** The listed price alone does not establish FBT eligibility. The May 2026 announcement described proposed changes from April 2027 and April 2029; this audit has not established that those proposals are law. Confirm the current rules, acquisition conditions and taxable value with the ATO and your adviser. Checked 8 Oct 2026 [6]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Insurance cost	◇ Conditional · Brand average **About A$2,985 a year (Tesla average)** **Why conditional** CHOICE's sample of more than 16,000 EV quotes, January 2026, new cars. No benchmark is published for this version; the Model Y RWD benchmark from Compare the Market was A$3,203. Not a quote; yours depends on your address, age and record. Checked 7 Oct 2026 [7]	✓ Benchmark **A$1,795 a year in a benchmark quote** Compare the Market, March 2026: a 34-year-old Brisbane driver with a clean record and a A$900 excess. BYD's brand average in CHOICE's January 2026 sample was A$2,220. Not a quote; yours depends on your address, age and record. Checked 7 Oct 2026 [7]	◇ Conditional · Brand average **About A$1,774 a year (Kia average)** **Why conditional** CHOICE's sample of more than 16,000 EV quotes, January 2026, new cars. No benchmark is published for this version; the EV5 Standard Range benchmark from Compare the Market was A$1,921. Not a quote; yours depends on your address, age and record. Checked 7 Oct 2026 [7]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Resale value	✓ Guarantee offered **Guaranteed future value on finance · Model Y kept 58% after two years** Tesla's program, through Driva since July 2026, sets a minimum value at the end of a financed term, subject to distance and condition; not for rideshare use. Pickles and Datium auction data, September 2025: two-year-old Model Ys averaged 58% of their new price. Checked 7 Oct 2026 [8]	· No guarantee **No guarantee · too new for auction data** No guaranteed future value program is listed by the maker as at 7 October 2026. NRMA Insurance found owner confidence in EV resale fell from 76% to 56% between 2024 and 2026. On sale since 2025 or later, so no two-year auction average exists. Checked 7 Oct 2026 [9]	◇ Conditional · Check eligibility **Kia Renew guaranteed future value on Kia finance** Why conditional Kia Finance sets a minimum future value in the contract; confirm this model and term are eligible. Too new for two-year auction averages. Checked 7 Oct 2026 [104]
Servicing	✓ Standard **No fixed schedule — serviced by condition** Tesla lists item-by-item checks, such as brake fluid and cabin filters, in place of annual services. It is not maintenance-free. Checked 5 Oct 2026 [10]	✓ Standard **Every 12 months / 20,000 km** BYD publishes no lifetime service total; ask for an itemised cost over the years you plan to keep the car. Checked 6 Oct 2026 [11]	✓ Standard **Every 12 months / 15,000 km · prepaid A$695 for 3 years** Prepaid plans: A$695 (3 years), A$1,320 (5 years) or A$1,946 (7 years). Checked 5 Oct 2026 [105]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Service network	◇ Conditional · Source audit **21 Australian service centres in the August 2026 count** **Why conditional** ScrapeHero location count dated 21 August 2026; not a live directory or a measure of local appointment availability. Checked 8 Oct 2026 [12]	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [13]	◇ Conditional · Count not published **National dealer network · count not published** **Why conditional** Kia has sold more than a million cars in Australia through a long-established dealer network. It publishes a dealer locator, not a count. Checked 7 Oct 2026 [106]
Roadside assistance	✓ Standard **5 years, 24 hours a day** Runs with the five-year, unlimited-kilometre warranty introduced in January 2026. Checked 7 Oct 2026 [14]	✓ Standard **12 months** Complimentary from delivery for cars delivered on or after 22 July 2025. Checked 7 Oct 2026 [15]	✓ Standard **1 year, renewable to 8** Each scheduled service at a Kia dealer adds 12 months, up to eight years. Checked 7 Oct 2026 [107]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Referral program	◇ Conditional **Referrer rewards only — no buyer discount listed** **Why conditional** Tesla's Australian page lists Model Y for referrer benefits and only Model 3 for buyer benefits. A referral must be applied before ordering. Checked 6 Oct 2026 [16]	◇ Conditional **Program page exists — no reward terms published** **Why conditional** BYD Australia's referral page shows a heading only. Ask the dealer for the reward, eligibility and expiry in writing. Checked 7 Oct 2026 [17]	· Unavailable **Not offered** No national owner-referral reward is published. Dealer offers are separate and change. Checked 7 Oct 2026 [108]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Optional driver assistance	· Optional **FSD (Supervised) · A$149/month** Requires an attentive driver. FSD is currently HW4-only and compatible software may arrive after delivery. From Enhanced Autopilot the upgrade is A$75/month. Checked 6 Oct 2026 [18]	· Unavailable **Not offered — nothing sold as an extra** Driver assistance is fixed by grade; there is no paid package or subscription. Checked 7 Oct 2026 [19]	· Unavailable **Not offered — nothing sold as an extra** Driver assistance is fixed by grade; there is no paid package or subscription. Checked 7 Oct 2026 [109]
Standard driver assistance	✓ Standard **Adaptive cruise · lane centring (Autosteer) · AEB** Sold as Autopilot. Supervised: keep your hands on the wheel and eyes on the road. Checked 5 Oct 2026 [20]	✓ Standard **Adaptive cruise · lane centring · AEB** Adaptive cruise follows traffic from 0 to 150 km/h. Lane centring is part of Intelligent Cruise Control. Checked 6 Oct 2026 [21]	✓ Standard **Adaptive cruise · lane centring · AEB** Highway Driving Assist 2 is not on the current Australian brochure. Checked 6 Oct 2026 [110]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Driver-monitoring and speed alerts	✓ Adjustable **Speed-limit warning: off, display only, or chime** Set under Controls > Autopilot. A cabin camera checks the driver's attention while Autosteer or FSD (Supervised) is in use. Checked 7 Oct 2026 [22]	✓ Adjustable **Can be switched off · steering-wheel button pauses them for 15 minutes** Fatigue and distraction warnings are on from the factory; the switch is under Vehicle > Cabin Perception on the touchscreen. The handbook does not say whether the choice survives a restart. Checked 7 Oct 2026 [23]	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [111]
Parking cameras and sensors	✓ Standard **Cameras all round with a rendered 3D view · no ultrasonic sensors** Tesla's Park Assist estimates distances from cameras. There are no parking sensors in the bumpers. Checked 7 Oct 2026 [24]	✓ Standard **360° camera · front and rear sensors** Checked 7 Oct 2026 [19]	✓ Standard **Reversing camera · front and rear sensors** Kia's MY27 sheet for the four front-drive grades lists no 360° camera. Checked 7 Oct 2026 [109]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Remote parking / summon	· Unavailable **Not yet available — listed as Upcoming in Australia** Tesla's Australian feature table marks both Summon functions as upcoming, subject to regulatory approval. Checked 7 Oct 2026 [25]	· Unavailable **Not offered** No remote parking or summon function is in the Australian specification. Checked 7 Oct 2026 [26]	· Unavailable **Not offered** Remote Smart Parking Assist is in the manual as 'if equipped' and is not on the Australian equipment list. Checked 7 Oct 2026 [112]
Predictive gear selection	◇ Conditional **Auto Shift (Beta) · off by default** Why conditional Chooses Drive or Reverse from Park when switched on in Controls → Dynamics; depends on configuration and software. Check the direction shown before accelerating. Checked 7 Oct 2026 [27]	· Unavailable **Not offered — driver selects Drive or Reverse** Automatic Park when you leave the seat is a separate safety function. Checked 5 Oct 2026 [23]	· Unavailable **Not offered — driver selects Drive or Reverse** Selected on the steering-column stalk. Checked 6 Oct 2026 [113]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Green-light departure chime	✓ Standard **Green-light chime** Turn on Traffic Light Chime in Controls → Self-Driving. It is an alert only; check the road before moving. Checked 6 Oct 2026 [28]	· Unavailable **Not offered** No traffic-light or departure reminder is documented. Checked 7 Oct 2026 [29]	· Unavailable **Not offered — alerts when the car ahead moves off** Lead Vehicle Departure Alert is standard. It does not read traffic lights. Checked 7 Oct 2026 [112]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Claimed range	**600 km** WLTP · 5 Oct 2026 [1]	**482 km** WLTP combined · 5 Oct 2026 [2]	**436 km** WLTP combined · 5 Oct 2026 [101]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
DC charging time	**27 min** ◇ Conditional **Why conditional** Not from the maker's Australian specification for this exact version. Peak DC acceptance	**250 kW** Manufacturer figure · 5 Oct 2026 1	**150 kW** Manufacturer figure · 5 Oct 2026 2	**100 kW** ◇ Conditional **Why conditional** Not from the maker's Australian specification for this exact version. The source is named below. Independent European figure; Kia Australia publishes charge times, not a vehicle peak · 7 Oct 2026 114

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Battery capacity	**79 kWh** ◇ Conditional **Why conditional** Not from the maker's Australian specification for this exact version. The source is named below. Industry data; Tesla publishes no battery capacity for Australia · 7 Oct 2026 30	**82.56 kWh** Manufacturer figure; gross or usable not stated · 5 Oct 2026 2	**58.3 kWh** Manufacturer figure; gross or usable not stated · 5 Oct 2026 101

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Real-world range	✓ AAA tested **559 km on the road, 7% under the lab figure** Australian Automobile Association test over a 93 km route around Geelong. 30 April-5 May 2026; 15.1 kWh/100 km measured. Checked 7 Oct 2026 [115]	✓ AAA tested **469 km on the road, 3% under the WLTP claim** Australian Automobile Association test over a 93 km route around Geelong. 10-18 March 2026; 19.9 kWh/100 km measured. AAA reports it as 17% under the 567 km on the car's Australian energy label, which uses an older test cycle than the 482 km WLTP claim. Checked 7 Oct 2026 [32]	· Not tested **Not yet tested by AAA** AAA has tested the Air Long Range (537 km, 11% under its 604 km figure), not this version. Checked 7 Oct 2026 [116]
Energy use	✓ Label figure **15.9 kWh/100 km** Australian energy label, as recorded by AAA. AAA measured 15.1 on the road; Tesla's European WLTP figure is 15.6. About A$715 a year at 15,000 km on a 30c/kWh home tariff. Checked 7 Oct 2026 [117]	✓ Label figure **17.0 kWh/100 km on the label · 19.9 measured** Australian energy label, as recorded by AAA. The label uses an older test cycle; AAA measured 19.9 on the road. About A$765 a year on the label figure, A$895 on AAA's, at 15,000 km on a 30c/kWh home tariff. Checked 7 Oct 2026 [32]	✓ WLTP **14.9 kWh/100 km** WLTP, from the maker's Australian specification sheet. About A$670 a year at 15,000 km on a 30c/kWh home tariff. Checked 7 Oct 2026 [109]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Battery chemistry	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [34]	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [35]	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [118]
Home charging time	✓ Estimate **About 11.5 hours from 10% to full on a 7 kW wallbox** Estimate: battery capacity divided by the charge rate, a method that matches Kia's published 10-100% time for the EV5. Most Australian homes have single-phase power. On three-phase power the car accepts 11 kW: about 7 hours. Checked 7 Oct 2026 [4]	✓ Estimate **About 12 hours from 10% to full on a 7 kW wallbox** Estimate: battery capacity divided by the charge rate, a method that matches Kia's published 10-100% time for the EV5. Most Australian homes have single-phase power. On three-phase power the car accepts 11 kW: about 7.5 hours. Checked 7 Oct 2026 [36]	✓ Estimate **About 8.5 hours from 10% to full on a 7 kW wallbox** Estimate: battery capacity divided by the charge rate, a method that matches Kia's published 10-100% time for the EV5. The car's own charger limits single-phase charging to 6.9 kW. Most Australian homes have single-phase power. On three-phase power the car accepts 10.5 kW: 5 h 20 min by Kia's figure. Checked 7 Oct 2026 [109]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Charging cables included	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [37]	✓ Standard **Portable charger (Mode 2) and V2L adapter included** Both are standard on BYD's Australian sheet. A Type 2 cable for public AC chargers is not listed. Checked 7 Oct 2026 [19]	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [119]
EV route planning	✓ Standard **Plans charging stops and predicts arrival charge** Built-in Trip Planner with live Supercharger availability. Checked 5 Oct 2026 [38]	◇ Conditional **Built-in navigation — charging-stop planning not confirmed** Why conditional No Australian document describes automatic charging stops or arrival-charge prediction. Checked 6 Oct 2026 [39]	◇ Conditional **Suggests chargers when the destination is out of range** Why conditional Built-in navigation. Fully automatic multi-stop planning is not confirmed for Australian cars. Checked 6 Oct 2026 [120]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Navigation-triggered battery conditioning	✓ Standard **Automatic on the way to a Supercharger** Preconditioning for other networks depends on the charger and software. Checked 5 Oct 2026 [40]	· Unavailable **Not navigation-triggered · scheduled pre-departure warming above 40% charge** Battery warming runs with scheduled charging or departure, not on the way to a charger. Checked 7 Oct 2026 [29]	◇ Conditional **Automatic on the way to a DC charger, where a battery heater is fitted** Why conditional The charger must be the navigation destination. Kia's Australian sheet does not say which grades have the battery heater. Checked 5 Oct 2026 [121]
Tesla Supercharger access	✓ Standard **Whole network — plug in and charge** Routing, billing and battery preparation are built in. Checked 5 Oct 2026 [41]	◇ Conditional **Selected sites only — start and pay in the Tesla app** Why conditional Check each site in the Tesla app before you rely on it; rates vary by site and a membership lowers them. Checked 6 Oct 2026 [42]	◇ Conditional **Selected sites only — start and pay in the Tesla app** Why conditional Check each site in the Tesla app before you rely on it; rates vary by site and a membership lowers them. Checked 6 Oct 2026 [122]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Charge-port operation	✓ Standard **Powered flap · closes itself** Opens from the connector button, the app, the screen or a press when unlocked. Checked 5 Oct 2026 [43]	✓ Standard **Manual flap · push to open, close by hand** The connector locks electronically while charging. Checked 6 Oct 2026 [29]	✓ Standard **Manual flap · push to open, close by hand** The connector locks electronically while charging. Checked 6 Oct 2026 [113]
Vehicle-to-load	◇ Conditional **Five-seat V2L needs build and adapter confirmation** **Why conditional** Tesla's Australian shop lists its V2L adapter for Model Y L only. Confirm V2L on the ordered VIN and build before relying on it. Checked 6 Oct 2026 [44]	✓ Standard **3.3 kW V2L · at least 15% charge to start** Adapter included. It powers appliances; it is not home backup. Checked 6 Oct 2026 [29]	✓ Standard **3.68 kVA · interior socket and exterior adapter included** Stops at the discharge limit you set. Checked 7 Oct 2026 [123]

Criterion	Tesla Model Y Premium Long Range AWD	BYD Sealion 7 Premium RWD	Kia EV3 Air 2WD Standard Range
Home and grid power (V2H/V2G)	? Source audit **Not confirmed from an opened source** A supporting article could not be retrieved, or its full text did not support the earlier claim. The earlier value is withheld until replacement evidence is checked. Checked 8 Oct 2026 [45]	◇ Conditional · Program only **Vehicle-to-grid through Amber's program, with warranty support** Why conditional Announced in September 2026. BYD's battery warranty support covers participants in Amber's ARENA-backed program, not other bidirectional installations. Needs an approved bidirectional charger. Checked 7 Oct 2026 [46]	◇ Conditional · Trial only **Named for AGL's vehicle-to-grid trial** Why conditional CarsGuide, September 2025: the EV3, EV6 and EV9 were to join AGL's trial. Kia has not announced general approval or battery warranty terms for vehicle-to-grid use. Checked 7 Oct 2026 [124]
Heat pump	✓ Standard **Included** Checked 5 Oct 2026 [43]	✓ Standard **Included** Checked 6 Oct 2026 [19]	· Unavailable **Not fitted** Not on the Australian equipment list. Checked 7 Oct 2026 [125]

Update history

TESLA MODEL Y · PREMIUM LONG RANGE AWD

At least 15 software releases documented

At least 15 software releases reached the Model Y in Australia in this period, about 10 of them since the 2025 refresh. A car bought today has received only the ones issued after it was built.

Recorded from 5 Oct 2024 to 5 Oct 2026. The exact total is not published.

79

Show events

All events

16 entries shown.

2026-09-16

OTA

SOFTWARE UPDATE

2026.26.6.3 / 2026.28.5

- Grok phone/media/climate controls, navigation-routine refinements and rear-screen lock.
- Supported camera preview, media/browser and customisation changes.
- Model 3 AU captured notes show FSD Supervised 14.3.9 Down Under.

Release notes tracked by an independent Australian fleet log

Model 3-only traction/energy-estimate notes are not Model Y features.

80

2026-08-04

OTA

SOFTWARE UPDATE

2026.20.6.1 / 2026.20.6.9 / 2026.20.10

- Dashcam encryption, expanded parental controls and destination-sharing refinements.
- Optional Australian FSD Supervised 14.3.5 on eligible HW4 carrier.

Release notes tracked by an independent Australian fleet log

Map-lane features can require a map package; Australian map availability not established for every car.

81

2026-06-18

OTA

SOFTWARE UPDATE

2026.16.6

- Spring: Hey Grok/location reminders, overnight automatic update installation and extended Dashcam history/clip saving.
- Pet Mode customisation, rear-screen maps, energy logs and supported blind-spot accent lighting.
- Optional Australian FSD Supervised 14.3.3 in the same carrier.

Release notes tracked by an independent Australian fleet log

.16.6 carries .14 Spring plus FSD 14. FSD is paid/eligible and continuously supervised.

82

2026-05-01

OTA

SOFTWARE UPDATE

2026.8.3.10

- Comfort Braking on eligible Model Y.
- Spotify playlist placement, navigation-suggestion control and Grok voice refinements.

Release notes tracked by an independent Australian fleet log

FSD 13.2.9 still carried; this is not a new FSD network. Model 3 does not inherit a Model Y-only braking feature merely by sharing version.

83

2026-02-27

OTA

SOFTWARE UPDATE

2026.2.6.1 / 2026.2.6.5

- Grok beta with navigation commands is documented in Australian cars.
- Other software/security refinements in the .2 family.

Release notes tracked by an independent Australian fleet log

Requires AMD processor and Premium Connectivity or Wi-Fi. Earlier .6.x may precede representative date. At launch navigation commands; broad car controls came later.

84

2025-12-23

OTA

SOFTWARE UPDATE

2025.44.25.3.1 / 2025.46.5

- Dashcam annotations, Dog Mode phone Live Activity/alerts and supported wireless-charger controls.
- Navigation favourites/pins, charging preferences and entertainment/customisation changes.

Release notes tracked by an independent Australian fleet log

.46.5 carries .44 Holiday features.

85

2025-11-26

OTA

SOFTWARE UPDATE

2025.38.8.1 / 2025.39.6

- Media organisation/recently-played refinements and phone-key profile security.
- Configuration-dependent visual themes and the .38 feature merge into Australian FSD software.

Release notes tracked by an independent Australian fleet log

Representative HW4 rollout late November; earlier old-HW3 .38.8.1 receipts also observed. FSD 13.2.9 unchanged.

86

2025-09-26

OTA

SOFTWARE UPDATE

2025.32.7.1 / 2025.33.5

- Low Power Mode and settings refinements including Dog Mode minimum-temperature restrictions.
- Merge of .32 features into the Australian HW4/FSD carrier.

Release notes tracked by an independent Australian fleet log

FSD 13.2.9 carried unchanged.

87

2025-09-18

OTA plus feature entitlement

SOFTWARE UPDATE

2025.26.7.10 / FSD Supervised 13.2.9 Down Under

- First public Australian FSD Supervised on eligible AI4 vehicles.
- Navigation-aware lane changes, turns and intersections while a responsible driver continuously supervises.

Release notes tracked by an independent Australian fleet log

Paid/subscription/trial and hardware eligibility apply. No Australian HW3 FSD availability inferred.

88

2025-07-28

OTA

SOFTWARE UPDATE

2025.26.3.1 / 2025.26.7

- Audio equaliser presets/settings and charger-site arrival information.

- Configuration-dependent dashcam, lighting and owner-guidance refinements.

Release notes tracked by an independent Australian fleet log

HW3 late July; HW4 later. Global Grok in .26 was not Australian delivery.

89

2025-07-09

OTA

SOFTWARE UPDATE

2025.20.6 / 2025.20.6.1 / 2025.20.8

- Charge-cable release by holding the rear-left door handle for three seconds with recognised key/unlocked vehicle.
- Camera-view changes, child-left-alone detection on equipped Model Y and security fixes.

Release notes tracked by an independent Australian fleet log

.20.6.1 alone is not Juniper evidence. European Model 3 haptic collision-warning item excluded.

90

2025-05-08

OTA

SOFTWARE UPDATE

2025.14.3.2

- Alternative trip plans, desired arrival energy and avoid-highways setting.
- Accessory power after exit, location-specific boot height and expanded B-pillar Dashcam/Sentry views where equipped.

Release notes tracked by an independent Australian fleet log

Near Juniper launch. Excluded from conservative Juniper post-sale minimum because this evidence does not isolate a post-delivery refreshed Model Y installation. Feature hardware restrictions apply.

91

2025-04-22

OTA

SOFTWARE UPDATE

2025.8.8.1

- User-accessible battery health test and revised consumption-history display.
- Energy estimate learns usage characteristics; actual available battery energy remains unchanged.

Release notes tracked by an independent Australian fleet log

Model 3 Performance damping setting is trim-specific.

92

2025-03-25

OTA

SOFTWARE UPDATE

2025.2.6.1 / 2025.2.6.2 / 2025.2.8.1

- Preconditioning when navigating to additional third-party DC chargers.
- Rear cross-traffic chime; Android UWB hands-free boot opening on eligible Model 3.

Release notes tracked by an independent Australian fleet log

Hardware/phone-specific boot opening must stay conditional.

93

2024-12-22

OTA

SOFTWARE UPDATE

2024.44.25.4

- Apple Watch key/control support and mobile Dashcam viewer.
- Rear cross-traffic visual alert, maintenance summary, search along route and weather improvements.

Release notes tracked by an independent Australian fleet log

Earlier .44 and Holiday variants grouped once. Phone/app and connectivity requirements apply. Desired arrival energy was not in the retrieved AU Holiday rollout; AU introduction is recorded in 2025.14. Juniper not yet delivered.

94

2024-10-23

OTA

SOFTWARE UPDATE

2024.38.2 / 2024.38.4 / 2024.38.6 / 2024.38.7

- Spotify Free through the in-car player.
- Custom reverse mirror tilt and mirror-fold shortcut.

Release notes tracked by an independent Australian fleet log

Original Model Y/Model 3 history.

95

Configuration changes, separately recorded

These are not delivered OTA releases.

96

BYD SEALION 7 · PREMIUM RWD

At least 2 software releases documented

Australian owners report two releases, V3.0.0 and V3.1.0. BYD publishes no release list, so this is a minimum.

Recorded from 5 Oct 2024 to 5 Oct 2026. The exact total is not published.

98

Show events

All events

2 entries shown.

2026-06-23

OTA

SOFTWARE UPDATE

V3.1.0; IVI2604 observed

- Owner-reported ICC/control refinements and updated scenes/settings; differences depend on prior software.

Owner reports

No Australian Comfort Driving or battery-preheat introduction proven.

99

2025-10-24

OTA

SOFTWARE UPDATE

V3.0.0; IVI2507 often paired

- Owner-reported ACC/ICC spoken-prompt controls and navigation on fitted head-up display.
- Reported child-detection settings, Android Auto rhythm lighting and connection refinements.

Owner reports

Oct 27 thread explicitly Australian. Package version and IVI build are distinct. Owner perception of reliability improvement is not measured proof of a hardware fix. Auto-on/off introduction not verified.

100

KIA EV3 · AIR 2WD STANDARD RANGE

At least 6 update notices documented

> Six reverified notices + two older records pending renewed evidence. Eight is not a verified total.

Kia Australia's notice index lists six updates. Two older records, from 13 July and 2 September, could not be rechecked. Notices for a sunroof apply only to cars that have one.

Recorded from 5 Oct 2024 to 5 Oct 2026. The exact total is not published.

OTA

SOFTWARE UPDATE

Documented update notice

- Sunroof control logic reduces unnecessary battery consumption

Manufacturer notice

Notice states availability from this date; not evidence every eligible VIN installed the update. Firmware version not published.

Configuration changes, separately recorded

These are not delivered OTA releases.

GT-Line AWD announced

Four front-drive grades → AWD version added (reported, provisional)

Research qualifications

Tesla Model Y · Premium Long Range AWD

L scores 84%, with explicit child-restraint installation cautions.

Current 4.5 seconds is a reported configuration figure; launch was 5.0 seconds. Obtain a dated Australian order quote.

Australian manual: L 4,976 mm; other material: 4,969 mm. Premium manual: 4,790 mm excluding plate bracket; earlier retail record: 4,792 mm. Preserve measurement basis.

The current AU manual is configuration-dependent, while the AU shop still restricts its adapter to Model Y L. Five-seat V2L needs VIN/build and adapter confirmation.
